

PLANT LAGS BADLY IN CHEST CAMPAIGN

Education Is Goal Of Fire Prevention Week Year Around Alertness Urged To Eliminate Flame Hazards

All Y-12ers Urged To Know Use Of Extinguishers, How To Sound Alarms; Pinpoint Inspections Set

Observance of Fire Prevention Week in Y-12 next week, October 8 through October 13, will stress an educational campaign in principles of fire safety for the many new employees in the plant and a review of those principles for the Y-12ers who have participated in similar campaigns in past years. Pinpoint inspections are to be made of every nook and cranny of the plant to eliminate any fire or safety hazards that might be found and all employees again will be told how to prevent such hazards from being created.

Detailed plans for the Fire Prevention Week observance were laid at a meeting of fire, safety and security coordinators last week when the campaign was mapped out by Y-12 Fire Chief W. O. Elam. The coordinators represent every division in the plant and will carry out the program in meetings with supervision and employees in every department in Y-12 this week and during Fire Prevention Week itself.

All Divisions Represented

The coordinators and the divisions they represent are B. N. Strunk, Manufacturing Office; Nelson Tibbatts, Maintenance; W. S. Herron, Chemical; C. H. Roddy, Engineering; J. E. Temple, Industrial Relations; H. P. House, Analytical and Materials Chemistry; C. P. McWright, Biology; J. E. Keeton, Isotope Research and Production; L. E. Parsons, Electromagnetic Research; Robert Devinish, ANP; and Dave Schultz, Homogeneous Reactor Technology.

Fire Chief Elam has stressed the importance of every employee, new and old, knowing the basic principles of fire prevention and also how to use fire fighting equipment provided in every building.

"We have had several reports of misuse of fire extinguishers and first aid kits," Chief Elam stated. "In some cases fire extinguishers have been used and emptied and no report made to the Fire Department so that they could be refilled. I feel sure that such instances were the result of employees not knowing what to do in such a case, and hope that Fire Prevention Week activities will bring home to them just what should be done."

How Every Y-12er Can Help

Chief Elam has pointed out several ways in which Y-12ers can, as groups and individuals, practice fire prevention in the plant on a year around basis. They include making a personal inspection of the immediate work area to look

Y-12ers' Response Is Disappointing; Far Behind Record

Only \$1,640 Is Raised In First Week Of Drive; Subscribing Is Easy

Contrary to all past tradition in Y-12—an appeal for worthy welfare agencies of Oak Ridge is lagging in response by employees here. The 1951 Oak Ridge Community Chest fund raising campaign got away to a most disappointing and slow start last week and a check Monday morning showed only \$1,640 had been subscribed by Y-12ers to the Chest.

Leaders Confident Of Comeback

Y-12 Plant Superintendent W. D. Lavers, chairman of the Community Chest campaign committee in Y-12; and Paschall Hamrick, of Personnel, co-chairman, both have expressed disappointment over the results so far obtained in the movement. However, they were confident that when the fact became known that the plant was far behind its usual schedule in the campaign that the well-known generosity of Y-12ers would be exhibited.

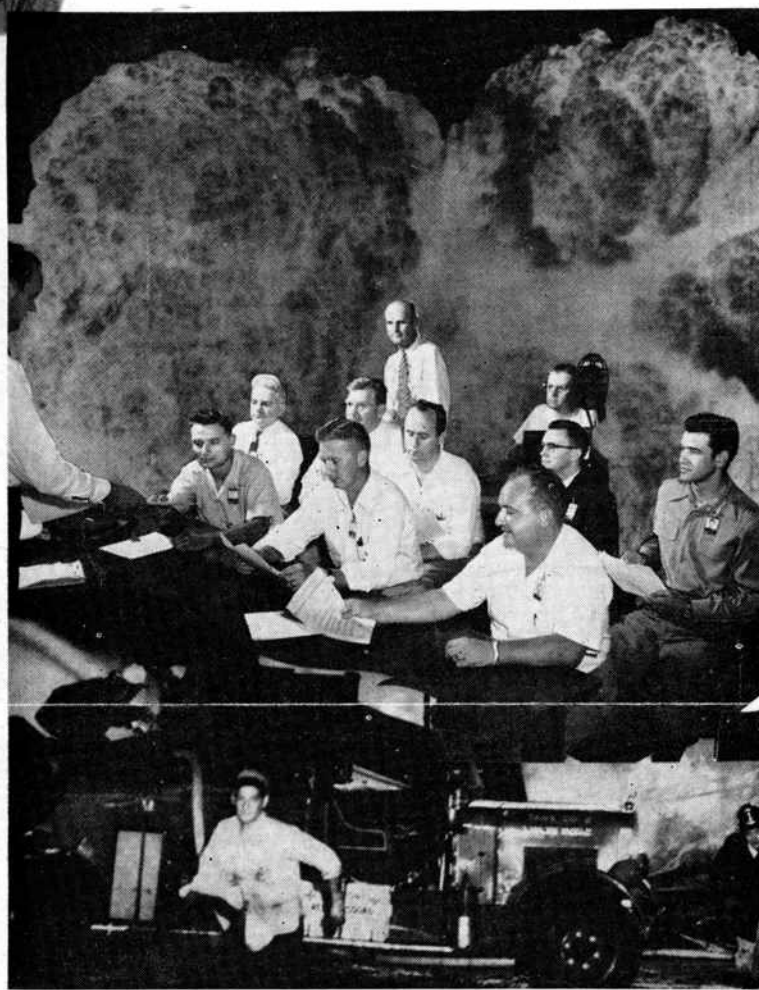

The Community Chest this year is asking \$62,000 for the operation of 14 agencies, most of them right here in Oak Ridge and most of them for the benefit of the youngsters of the community. Only one gift from Y-12ers will assist in the support of all of these red feather agencies.

Past Records Envyable

In past years Y-12 employees have set enviable and remarkable records in both speed and generosity in going "over the top" for the Community Chest and other worthy appeals of the kind. It is unthinkable that they should fail in this drive when so many persons are dependent on the backing of the community for medical and other needs.

Subscribing to the Chest is made easy for Y-12ers. Payroll deductions may be extended over a period of 10 weeks for weekly and hourly paid personnel and three

FIRE PREVENTION WILL BE THEIR BUSINESS—PARTICULARLY next week. Here are the fire, safety and security coordinators or their representatives attending a meeting last week to lay plans for observance of Fire Prevention Week October 8-13 in Y-12. At far left is Fire Chief W. O. Elam. In front row, from left, are George Banic, representing J. E. Keeton, Isotope Research Production; B. N. Strunk, Manufacturing Office; and Nelson Tibbatts, Maintenance. In the second row are H. L. Martin, representing Carl Roddy, Engineering; H. P. House, Analytical and Materials Chemistry; Robert Devinish, ANP; W. S. Herron, Chemical; and Joe Walton, Isotope Research and Production. In the rear are C. P. McWright, Biology; and J. E. Temple, Industrial Relations.

Committee To Select Safety Award Articles; Eligible Y-12ers Will Get Choice Of Five

Members of a plant-wide safety award selection committee are scheduled to meet at 2 o'clock Tuesday afternoon of this week in Bldg. 9204-1 to select a list of five articles to be presented Y-12ers who took part in establishing the plant's fourth 1,500,000 hours lost time accident-free period. The committee is composed of employees in every division in Y-12. This period began September 22, 1950, and continued through January 30, 1951, during which time a record of 1,773,906 hours without a disabling accident were worked.

More Than 25 Choices

More than 25 articles have been obtained by the Safety Department from which the committee will make its selections. They include an assortment of wallets, hair brushes, women's rainwear, sun glasses, coffee dispensers, Zippo cigarette lighters, four-color fountain pen, fishing thermometer, four-piece Pyrex set, one pint Thermos bottle, kitchen shears, corn popper, first aid kit, ash trays,

baby food warmer, pocket knives and others.

Members of the selection committee and the divisions represented are Fred Henry and Billie Butters, Maintenance; C. C. Bridges and Billie Britton, Chemical; I. J. Shotts and Lucia Badgett, Manufacturing Office; K. O. Johnson, Materials and Analytical Chemistry; Lovelle Thompson, Electromagnetic Research and Isotope Research and Production; Thomas Crabtree, ANP; Malcolm Richardson, Reactor Technology; Eleanor Schumacher, Biology; Paschal Hamrick and Helen Ross, Industrial Relations; and Carl

Guards Take First In Attendance List

The Guard Department and Research Services exchanged places at the top of the Major League attendance standings in the figures for the week ending September 23, the Guards taking over first place with an absentee mark of only .5 per cent. Research Services dropped to second with .9 per cent of its personnel absent. Third place was taken by the Assay Laboratory with an absentee mark of 2.2 per cent.

In the Minor League only two departments reported perfect attendance records. They were the Fire Department and Unserviceable Property Sales Department. In second place was Maintenance Utilities with .57 per cent of its employees absent and third place was taken by Health Physics with an absentee mark of .6 per cent.

The plant-wide absentee record for the week ending September 23 was 3.4 per cent, an increase of .7 per cent from the previous week. The record, by departments, follows:

MAJOR LEAGUE More Than 50 Employees Scheduled				
Dept.	Absent	Percentage	9-23-51	9-16-51
2091	0.5	1	2	2
2018	0.9	2	1	1
2283	2.2	3	6	6
2617	2.87	4	9	9
2619	2.89	5	5	5
2003	3.17	6	12	12
2015	3.21	7	8	8
2618	3.5	8	13	13
2282	3.57	9	11	11
2014	3.63	10	3	3
2060	5.5	11	4	4
2001	6.3	12	14	14
2142	7.6	13	7	7
2077	10	10

Group absentee percentage was 3.2 per cent, .6 per cent higher than the preceding week.

Department 2077 was omitted because no reports were received for the week ending September 23.

MINOR LEAGUE 15-49 Employees Scheduled				
Dept.	Absent	Percentage	9-23-51	9-16-51
2093	0.0	1	1	1
2145	0.0	1	2	2
2005	0.57	2	7	7
2108	0.60	3	8	8
2002	0.61	4	5	5
2109	1.0	5	4	4
2743	1.4	6	6	6
2096	1.9	7	13	13
2739	2.9	8	3	3
2144	3.3	9	1	1
2143	3.4	10	12	12
2200	3.57	11	1	1
2064	3.57	11	11	11
2133	4.3	12	10	10
2008	4.5	13	16	16
2107	5.5	14	9	9
2090	7.4	15	14	14
2046	10.4	16	15	15

Group absentee percentage was 3.2 per cent, .8 per cent higher than the preceding week.

The plant average for the week ending September 23, was 3.4 per cent, .7 per cent higher than the preceding week.

Committee To Pick Safety Award Articles

Roddy, Engineering.

Cards Out This Week

Immediately after the committee makes its selections to present to eligible employees selection cards will be distributed throughout the plant on which the eligible Y-12ers will make known their choices. After these cards are assembled about 30 days will be required to obtain the awards and pass them on to the employees.

Y-12 WOMEN IN THE CHEMICAL DIVISION ENTERTAINED last week at a stork shower given at the Ridge Recreation Hall for Mrs. Evelyn Frazier. Hostesses were Mae Carson, Ethel Bow, Wilma West and Pauline Williams. In the picture above seated around the table from left are Hazel Thurman, Vera Dickens, Mildred Crass, Rella Bates, Dell Goins, Martha Ray, Evelyn Frazier, Mabel Butcher, Grace Boyd, Edith Duckworth, Glenna Smith and Ruth Hounshell. Standing are Nazy arson, Ethel Bow, Wilma West and Polly Williams.

Reported sign in Oak Ridge fruit stand window—"Yes, we have no bananas—but oh, those lovely coconuts."

The Maintenance Shops welcomes Kathleen Milligan to the "family" . . . J. R. (Jim) Thorpe is vacationing down in Havana—probably learning the samba and quenching his thirst at Sloppy Joe's (lucky guy) . . . The departmental first aid team which tied for second place among Y-12 teams in the Carbide First Aid Contest, was feted at a dinner given by Jack Case, Floyd Ludwig and Richard Dew recently at the Dixie-land Restaurant, Knoxville.

The General Maintenance Office Department extends sympathy to Pete Rinderer, whose father passed away last week . . . A welcome is extended to Gertrude Fox, a new addition to the roster.

Molly Hatfield, of Safety, has returned from a two-week vacation, which she, with her husband and her mother, spent in touring Florida . . . Clarence Johnson and his wife, Elizabeth Johnson, Department 2616, spent last week's vacation visiting relatives in Mississippi.

Research Engineering extends get-well wishes to Arthur Brewer, F. S. McGuiness, and Jean Wanamaker, who are all on the ailing list . . . E. J. Asbury and his mother are motoring to Pittsburg, Kan., to visit his sister, while on vacation this week.

Sgt. J. M. Patterson, of the Guard Department, is spending a two-week vacation at home in Knoxville . . . J. T. Riddle is also on a two-week vacation . . . J. T. Byrum and O. D. Cloyd have returned from a week of vacation.

The folks in Medical wish a speedy recovery for Alice Mattingly, who is a patient in the Baptist Hospital in Knoxville . . . Jodie Brown is vacationing at her home in Viola, Tenn., this week . . . The department welcomes Virginia Slusher to the roster . . . Penny Keene and her husband, Oliver Keene, of Property, spent the week end in Macon, Ga., visiting relatives.

H. W. Krouse, of the Fire Department, and his family spent last week's vacation with his parents in Memphis, Tenn.

The Cafeteria Department extends get-well wishes to Geneva Caldwell, Bertha Jenkins, and Dixie Bryant, who are on the sick list.

Helen Cunningham, of Manufacturing Office, is vacationing at her home in Alcoa this week . . . W. E. Gallaher is planning to take in some of the World Series baseball games while on vacation this week.

The Property Department ex-

tends get-well wishes to Ruth Merrell.

Inez Lowry, of Stores, is spending a two-week vacation at home in Knoxville . . . W. J. Stolp is spending his vacation with his son in Dayton, Ohio, this week . . . The department extends get-well wishes to W. C. Davis and J. R. Bayless.

The Tool Department extends get-well wishes to Bernice Hamrick and to Barbara Spoon, who are on the sick list . . . R. K. Coffey is on a two-week vacation at home in Lenoir City.

S. A. Copeland, of Receiving and Shipping, and his wife visited their relatives in West Tennessee while on vacation last week.

Dr. J. C. White, of the Analytical Chemistry Division, with his wife and son, vacationed in the vicinity of Cincinnati, Ohio, last week . . . Eunice Bogle is on a two-week vacation.

L. B. Justice and Theo Renner were on the vacation list from the Transportation Department last week.

Ben Hope, of Property Sales, spent his vacation in Indiana, last week.

George Banic, of Isotope Research and Production, and his wife, Earline Banic, Analytical Laboratory, flew to Greenville, Pa., for a week's vacation . . . The division wishes good luck for Wanda Wood who left last Friday to join her husband, who is in the Navy at Norfolk, Va. . . The division extends get-well wishes to N. A. Stone, who is on the sick list . . . E. J. Spitzer and his family are on a two-week vacation tour through Virginia to Washington, D. C., and North Carolina.

Ella Allen, of the General Administrative Department, has returned from two weeks of vacation which she spent at home in LaFollette. She also spent a week end in Cincinnati, Ohio . . . Elizabeth Johnson spent a week of vacation in Mississippi.

The Normal Administrative Department wishes a speedy recovery for R. W. Pickett, who is on the sick list . . . A welcome is extended to J. B. McKinney, who has returned to work after an extended illness . . . The department extends sympathy to O. Mack on the death of his sister, Mrs. Opal Gamble, last week in LaFollette . . . Get-well wishes to H. F. Dick, who is a patient in the Oak Ridge Hospital . . . N. H. Moon is back from a week of vacation.

The General Electric Company welcomes Sam Esleek to its roster.

Electrical Maintenance extends get-well wishes to H. G. Bingham and C. O. Jones, who are still in

REED - KIRWAN

The engagement and approaching marriage on Sunday, October 7, of Miss Juanita Ruth Reed, of the Y-12 Security Office; to Cpl. Donald Kirwan, of the United States Army, has been announced by the parents of the bride. The wedding will take place at 2 p. m. at the Chapel-On-The-Hill with the Rev. Paul Arow officiating.

The bride-elect is the daughter of Mrs. Elizabeth Reed, of Pater-son, N. J., and Frank W. Reed, of Oak Ridge. Parents of Corporal Kirwan are Mr. and Mrs. Joseph Patrick Kirwan, of Dublin, Ireland.

Miss Reed will be given in marriage by her father. At the wedding she will wear a gown of imported lace over ivory satin of ballerina length and white satin shoes. She will carry an orchid on a white bible.

Miss Margaret Overby will be bridesmaid and will wear a gown of white lace over pink.

Best man will be James Young; of Oak Ridge and Leonard Todd and Thomas Todd, uncles of the bride-elect, will be ushers.

Nuptial music will be presented by Dan Nicholson and Harry Carper.

Following the wedding a reception will be held at the home of Mrs. Eunice Weaver, 77 Georgia Ave.

Out-of-town guests expected at the wedding will include Mr. and Mrs. Thomas Todd and children, Sandra and Marsha, McMinnville; Mr. and Mrs. Aubrey Simons and children, Walling and Raymond, McMinnville; Mr. and Mrs. Leonard Todd and children, Barbara and Kathleen, Nashville; Mr. and Mrs. Virgil Alexander, Woodbury; and Mr. and Mrs. William Durham and children, Martha and Peggy, Crossville. All are uncles, aunts and cousins of Miss Reed.

Miss Reed is a graduate of Murfreesboro Central High School and Murfreesboro Business College. Corporal Kirwan attended high school in his native Dublin and also electrical engineering school.

After the marriage Corporal Kirwan expects to be sent to Europe for overseas duty in the Army. His wife will remain in Oak Ridge.

the Oak Ridge Hospital; and to M. P. Welch, who remains ill . . . B. P. Hagood is spending a week of vacation in North Carolina.

Alice Maxwell, of the Analytical Laboratory, and her family spent last week's vacation in Georgia. . . . Lucy Keele vacationed at home in Oak Ridge, last week . . . Peggy Reeves spent last week's vacation at her home in Erwin, Tenn., to be with her mother who is ill. The department extends get-well wishes to her . . . Fred Williams and his family vacationed in Florida last week . . . Mattie Humphrey and Bill Freels were on last week's vacation list . . . The department extends get-well wishes to Marty McMahon's sister, who is ill in Chicago—Marty went there to be with her last week . . . A speedy recovery is wished for Jennie Fitch, who had an accident while horseback riding recently. . . . The department welcomes a host of newcomers to the roster, including L. Davis, A. R. Moore, L. M. Fitzgerald, R. E. Webb, B. C. Williams, J. H. Rowan, E. L. Price, G. P. Huff, J. M. Moore, V. C. Grumbach, E. L. Warren and E. S. Tyler . . . Also a welcome is extended to Inez Halchin, who has returned after a recent illness . . . L. M. Fitzgerald has moved his family to Oak Ridge, from Burnside, Ky. . . . Donald Zucker has moved his family to Oak Ridge . . . Group Three of the Spectographic Laboratory was entertained at a party given by John Johnson recently at his home near Alcoa.

Among those who attended were Harry King, Elizabeth Edmonds and her husband, Deborah Hubbs and her guest, Margaret Broom

Mrs. A. B. Breland

BRELAND - COLEMAN

The First Methodist Church at Murphy, N. C., was the scene of the marriage on Saturday afternoon, September 15, of Miss Joyce Louise Coleman, of Murphy, and Arthur Brece Breland, of the Chemical Department in Y-12. The ceremony took place at 4 o'clock with the Rev. R. Delbert Byrum officiating.

The bride is the daughter of Mr. and Mrs. Walter P. Coleman, of Murphy, and parents of the groom are Mr. and Mrs. J. M. Breland, Sr., of Holly Hill, S. C.

Given in marriage by her father, the bride wore a gown of Chantilly lace and her fingertip veil of illusion fell from a Juliet lace cap decorated with seed pearls. Her bouquet was a white orchid, lilies of the valley and white rosebuds.

Miss Jane Sneed, of Murphy, was maid of honor and wore a gold taffeta dress with a matching Chantilly jacket. Her flowers were orange and gold chrysanthemums. Bridesmaids were Misses Hazel Ann Anderson, Columbia, S. C.; Rebecca Yselle, Palmetto, Fla.; Betty Lee Barwick, Andrews, S. C.; Frances Cates, Easley, S. C.; and Jean Reid, Murphy.

Glenn M. Breland, brother of the groom, was best man and ushers were W. Z. Dantzer, Santee, S. C.; Dr. George Dyer, Murphy; Lehman Moseley, Greenville, S. C.; Rutledge Murray, Holly Hill; and J. M. Breland, Jr., brother of the groom, of Holly Hill.

A program of nuptial music was presented by Mrs. J. W. Davidson, organist; and Miss Martha Hendricks, Pickens, S. C., soloist. Immediately following the ceremony a reception was held at the church.

Out-of-town guests at the marriage included Mrs. W. H. Hildreth, Oak Ridge; Mr. and Mrs. Hubert Adams, Knoxville; Mrs. J. M. Russell, Holly Hill; and Dr. and Mrs. S. D. Reid and Miss Patricia Reed, Chelsea, S. C.

Both the bride and groom attended Furman University, Greenville; and the bride also attended the University of Georgia.

The couple is living in Oak Ridge.

The following Y-12 employees were patients in the Oak Ridge Hospital last week: William T. Burnette, Jr., Biology; Carl E. Day and Hubert F. Dick, Administrative Department, Normal; John W. Cantrell and Clyde H. Drummond, Maintenance Shops; Ira Sharp, Stores; Delmer E. Holt, General Administrative; Burlin V. Pullin and Alfred Stockton, Buildings and Grounds; Charles J. Mitchell, Field Maintenance; Winifred M. Zimmerman, Health Physics; Harry W. Grubb, Chemical; Louise E. Bond, ANP; and Willie C. Williams, Janitors.

Y-12ERS DORR, BAUMAN IN CARBIDE GOLF FINALS

Orphans Win Undisputed Loop Championship By Trimming '12s' In Three-Game Playoff Series

★ ★ ★ 6-3442 ★ ★ ★

ORPHANS—MAYBE—BUT THEY FOUND A HOME FOR THE undisputed Y-12 Plant Softball League seasonal championship. Back row, from left, Paul Braden, John Agee, Jay Holzknicht, Dick Potter and Manager Elmore Koons. Across the front are Jack Garrett, Avery Kendig, Ed Hawkins, Walt Simmons, Clyde Smith, L. E. Sikes and C. H. Noe. The small fry mascots are Franklin Kendig, Ingrid Sikes, Carroll Noe and Joy Noe.

Y-12 Photo By Vince Moore

Regular Season Honors Added To Tournament Triumph For Victors

By virtue of winning two games of the two out of three playoff series for the regular league season title, the Orphans team of the Y-12 Plant Softball League last week took undisputed ownership of all honors in the loop. The Orphans previously had outlasted the other teams in the loop to win the double elimination tournament and in the playoff clearly displayed their superiority to earn the championship.

Bldg. 9212 Wins Opener

Victims of the Orphans in the playoff was the Bldg. 9212 outfit—which also was trimmed in the finals of the tournament by the champions. The "12s" grabbed the first game of the series by 3 to 2, but the Orphans rallied in the second tilt of a double header last Wednesday night for a 7 to 3 decision and went on to win the championship battle Thursday night by 3 to 2.

The Orphans won the first half of the season play and Bldg. 9212 the second half. In regular season play the Orphans took two of their three games with Bldg. 9212.

In the opener Bldg. 9212 took the decision with a seventh-inning rally after the Orphans had gone ahead in their half of the session. After Byrd had whiffed George McPherson picked on a slow pitch for a triple and scored on Shoemaker's single to knot the game. Honeycutt popped out but Shoemaker scooted all the way around on Barker's single to count the winning run.

Orphans Come From Behind

Riled by this setback, the "Orphans" turned on the heat in the second game of the twin bill and with a pair of three run innings clinched the decision. Jack Garrett banged three for four and Hurler Ed Hawkins three for three as he warmed up to his work and held the losers to three hits. In the championship game the Orphans got away winging with three tallies in the first inning and coasted for the triumph.

Scores of the playoff games follow:

September 26 Double Header				
Team	Score	R	H	E
Orphans	000 100 1—	2	3	2
Bldg. 9212	001 000 2—	3	7	1

Orphans: Hawkins and Noe. Bldg. 9212: Mustin and Barker.

Thursday Night Championship Game				
Team	Score	R	H	E
Orphans	302 010 0—	6	8	1
Bldg. 9212	000 001 1—	2	3	4

Orphans: Hawkins and Noe. Bldg. 9212: Mustin and Barker.

Y-12 Keglerettes Defeat Orphans

The varsity keglerettes of Y-12 continued their winning streak in the Oak Ridge Women's City League last Thursday night by walloping the Orphans for two out of three. By winning the Y-12 lassies gained a tie for second place in the league standings with a record of eight wins and four losses. A two-way tie for first place is shared by the Ricker's and Norris Creamery teams, each with 12 wins and no losses.

The Y-12ers' game scores were 747, 656, 733—2136 to 672, 724, 680—2076. Betty Whitehorn and Margaret O'Neal paced the winners, the former posting scores of 153, 167, 138—456 and the latter 173, 145, 134—452. Other Y-12 scores were Katie Williams 152, 119, 154—425; Ruby McGinnis 136, 122, 147—405; and Juanita Reed 133, 103, 160—396.

Hurricanes Halted By Guards; Orphans Gain Tie For Top

"Halt!" cried the Guards last week at the Central alleys, and the Hurricane team of the C League of plant keggers dropped their blustering ways of the previous week, managing to puff over but one point from the boys in blue, who took three. This upset gave the Orphans, whitewash winners over the Thin Pins, their chance to jump into a first place tie. In other matches the Short Circuits crossed up the Moles for four points and the Hooks stung the Hornets for three.

The Short Circuits' Frank Favatella hung up the best individual scoring of the night with a 206 scratch game, 241 handicap game, 541 scratch series and 646 handicap series. The Orphans took most team scoring honors, bagging an 839 scratch game, 2458 scratch series and a 2884 handicap series. Their scratch series score was tops for the season, the old mark being 2425, also held by the Orphans. The Short Circuits had the best handicap single game of 987.

Team	W	L
Hurricanes	8	4
Orphans	8	4
Guards	6	6
Hooks	6	6
Thin Pins	5	7
Moles	5	7
Hornets	4	8

Instrument Men, Engineers To Meet Jointly Tonight

A joint meeting of the Oak Ridge chapters of the Instrument Society of America and the American Institute of Electrical Engineers will be held at 7:30 o'clock tonight, Wednesday, October 3, in the Knights of Columbus Hall. Harry Berring, educational director of the Weston Electrical Instrument Co., will speak on electrical indicating instruments. All Y-12 members of both groups are urged to attend the meeting.

sibly an independent team. Competition is expected to start in the near future.

BLDG. 9211 TEAM WINS COVETED SPORTSMANSHIP TROPHIES FOR SEASON

The highly prized sportsmanship award in the Y-12 Plant Softball League for the 1951 season was presented last Wednesday night by Recreation Supervisor Arnold Tiller to the Bldg. 9211 team. Each member of the team received a trophy in honor of the achievement. The Bldg. 9211 team was voted the award by managers of the league for the conscientious play of the team members—all sticking together throughout the season and reporting regularly for all games although the team finished last in the first half of the season and seventh in the final session of play. Great credit is due Manager "Shorty" Burnett and Assistant Manager Haggard for the spirit they instilled in the players, earning them the vote and admiration of all their opponents in the league.

Hi Balls Upset Jax As Kemps, Woes Tie For W League Lead

Cracker Jax and Hi Balls don't mix—and last week the Hi Balls prevailed as they downed the C-J team in the W League via the whitewash route for an upset win, as the "100 proof" girls turned in their first victories of the season. Meanwhile the Kemps and Woes turned up on top of the standings, each winning a pair with the Controllers and Mix Ups being the victims of two wins. In the other loop engagement the Make Ups downed the Strikettes for two.

Billy Evans, of the Make Ups, had a large night on the alleys, taking all individual scoring for the night and the season. She had a 200 scratch game, 260 handicap game, 471 scratch series and 651 handicap series.

The Kemps and Woes split team scoring leads, the latter posting seasonal honors with their handicap scores of a 972 game and 2781 series. The Kemps' top scratch scores were a 736 game and 2040 series.

League standing follows:

STANDING			
Team	W	L	
Kemps	7	2	
Woes	7	2	
Cracker Jax	5	4	
Mix Ups	5	4	
Controllers	4	5	
Make Ups	4	5	
Hi Balls	3	6	
Strikettes	1	8	

Easy Aces Forge Ahead In E Loop; New Teams Compete

The Easy Aces forged to the front in the E League last week, although they only managed to break even with the Three Ds, as the Strikers, previously tied for first place, ran into a three-point defeat at the hand of the tail-end Mezzanine Maulers.

Two new teams, the Dash Fours and the Cut Ups entered league play last week and were given a four and four standing as they rolled their first game. Meeting each other, the Dash Fours smashed out a three-point win. In the other match the Gophers took three from the Rusty Five.

Single game honors were taken by Trent, of the Aces, with a 208 scratch and 250 handicap. Skirt-nansky, of the Gophers, bagged a 544 scratch series and 774 handicap series. The Three Ds posted top scores of a 774 scratch game, 1004 handicap game and 2783 handicap series. The Gophers got a 2112 scratch series.

It was not "top secret" information that was hidden, but an error in score posting that placed Horton, of the Aces with top handicap score of the previous week. The

Plant Golfers Capture Titles In Four Flights

Excellent Showing Made In Company Tourney; Some Matches Remain

Carl Dorr and Bill Bauman, both Y-12ers, will clash in the finals of the championship flight of the all-Carbide golf tournament some time this week. Dorr beat a fellow employee, John Shugart, to reach the finals while Bauman disposed of Sampson, of Oak Ridge National Laboratory.

Y-12ers Win Four Flights

In addition to being sure of the champion in Y-12, golfers of our side also won top rating in the first, second, fifth and seventh flights and have chances to come through in some of the lower brackets.

Arnold Tiller beat Floyd Ludwig to win the first flight, both, of course, being Y-12ers. Elmer Olson took McAlpine, of ORNL, in the second. As announced last week, Joe Dunlap won the fifth. Harold Ratjen won over Phillipi of K-25, by a forfeit to take the seventh flight.

Several Y-12ers In Finals

Clyde Bowles lost in the championship flight consolation round to Carlsmith, of K-25. Several other Y-12ers went to the finals in various rounds. Phil Rueff, of ORNL, beat Jack Spears, of Y-12, in the third round and Dave Crouse lost to Voss, of K-25, in the fourth. Nelson Tibbatts was beaten by Dr. C. E. Larson, of ORNL, in the eighth. Ed Bagley, also of ORNL, topped Don Metlock in the 12th.

In the 13th Gentry Underwood, of Y-12, still survives and will meet Ryan in the semi-finals, the winner meeting McQuilken. In the 11th Teeter Boyd is to meet the winner of the Stubbs-Dehoney match for the title.

Absent In Two Flights

Only in the sixth and 14th flights were Y-12ers absent from title play. In the sixth Gerry Kielhoitz is to play Crandall and in the 14th Williams and Moreng will clash with the winner playing Smith.

Y-12 Varsity Pinmen Blank Kennedies

The Y-12 varsity bowlers showed a lot of improvement in their appearance on Monday night, September 24, in City League competition against the Kennedie keggers, the Y-12ers taking four points. All of the Y-12ers tallied series scores of better than 500 with Jack Spears leading the parade with 167, 182, 190—539; followed by Len Hart 175, 187, 176—538; Frank Gragg 177, 154, 189—520; Roy Roberts 193, 149, 171—513 and Ernie Cobble 181, 167, 159—507.

The line scores were Y-12 893, 839, 885—2617 to 865, 827, 802—2494 for the losers.

Dorr And Shugart Clash For City Golf Crown

Another all-Y-12 final is slated in the Oak Ridge city gold championship with Carl Door and John Shugart fighting to the last round. The title match is expected to be played this week.

honor should have gone to Bill Hays, who had a 247 instead of the 243 accredited to Horton.

League standing follows:

Team	W	L
Easy Aces	9	3
Strikers	8	4
Dash Fours	7	5
Gophers	6	6
Cut Ups	5	7
Rusty Five	5	7
Three Ds	4	8
Mezzanine Maulers	4	8

Wolves, Cubs Nipped, Bumpers Win to Put B Pin League Lead Into Three-Way Tie

Zoo inmates had a bad time in the B League last Thursday night at the Oak Terrace as the Wolves and Cubs, the one-two teams in the previous week's standings, each took bad lickings and found themselves in a deadlock with the Bumpers in a three-way tie for the lead. The Tigers clawed the formerly high-flying Wolves for a whitewash win and the Rippers ripped the Cubs for three, while the Bumpers advanced by whipping the Comets for three points.

In other matches of the night the previously downtrodden Rebels rose up to take their first victories of the season—and went all out in their effort to blank One-91. The All Stars took three from Bldg. 9211 and the Wasps stung the Bums by the same margin.

Four keggers shared individual scoring honors for the night. Nelson Tibbatts, a Ripper, posted a 212 scratch game. Joe Smyrl had the season's best handicap game score of 258. Al Groppe, also a Ripper, came through with a 558 scratch series and S. J. Watts, of the Wasps, hung up a 672 handicap series.

The Rippers banged out a 878 scratch game and 2537 scratch series for tops. The Cubs' 1022 handicap game was best of the night as was a 3014 handicap series for the Tigers.

League standing follows:

STANDING			
Team	W	L	
Wolves	11	5	
Cubs	11	5	
Bumpers	11	5	
All Stars	10	6	
Comets	9	7	
Bldg. 9211	9	7	
Rippers	8	8	
Rebels	8	8	
One-91	7	9	
Wasps	5	11	
Bums	4	12	
Repels	4	12	

Pistol Candidates To Practice Tonight

All Y-12ers wanting to try out for the plant pistol team to compete in an Oak Ridge league are urged to report for a practice shoot at 7 o'clock tonight, Wednesday, October 3, at the Oak Ridge Sportsman's Association range on the Turnpike, west of the city limits. No previous experience is particularly needed, as the league will be operated on a handicap basis, giving all shooters an equal chance, according to Guard Department Capt. M. L. Woodward, who is aiding in organizing a Y-12 team.

Other teams in the league will include K-25, Oak Ridge National Laboratory, Atomic Energy Commission, Oak Ridge Police and pos-

Camera Club Salon Meet Set October 9

The high spot of the annual program of activities of the Carbide Camera Club—the annual salon meeting—will be held at 7:30 o'clock next Tuesday night, October 9. The Carbide club will hold a joint meeting with the Oak Ridge Camera Club on this occasion and to accommodate the big attendance expected the session will be held in the West Lounge of the Ridge Recreation Hall.

One of the most interesting exhibitions of black and white photographs and color slides ever held by the Carbide Camera Club is expected at the meeting next week. Competition will be held in five classes of black and white prints and four classes of slides with indications pointing to a record number of entries.

In black and white prints the classifications are:

1. Portraits, children and adults.
2. Architecture.
3. Scenery or landscapes.
4. Table tops, tricks and still life.
5. Animals.

The color slide classes are:

1. Children.
2. Architecture.
3. Flowers.
4. Scenery or landscapes.

Members of the Carbide Camera Club, composed of photographic enthusiasts in the three Carbide units in Oak Ridge, may enter three black and white prints or four slides in each of the various classifications. The pictures must have been taken within the past two years and not entered in previous salon competition.

All entries must be in the hands of Joe Lundholm, president of the club; or S. A. Hluchan, not later than Saturday night, October 6. Both are with the Oak Ridge National Laboratory.

Members of the Oak Ridge Camera Club will lead a panel discussion at the salon session on the subject "Salon versus Documentary Photography." Francois Kertesz, of Y-12; and Robert Freezone, of ORNL, will lead the discussion.

A colored sound moving picture on the western national parks of the country will be shown and refreshments served.

Several Y-12ers Attend Meet Of Society For Metals

Several high-ranking Y-12ers took part in the meeting of the American Society of Metals last week at the Oak Terrace when an open meeting to discuss availability, substitution and fabrication of critical metals was discussed. They included J. M. Herndon, N. H. McKay, Leo Hemphill, Dr. C. P. Keim, Francois Kertesz, E. C. Miller, Stanley Fulkerson, C. E. Winter and others.

George Sands, of Union Carbide and Carbon Corporation, on loan from the Corporation to the National Production Authority; and Paul Dowling, of the Nooter Boiler Works, a specialist in stainless steel fabrication; were among the speakers.

Cross with the Light—
Be sure You're Right!

Rides Wanted And Offered

Car Pool—Want to participate in a car pool or want riders from Fountain City, straight day shift. W. G. Lambert, plant telephone 7769, home telephone 6-3955.

Ride Wanted—From West Knoxville, straight day shift. Kathleen Milligan, telephone 7413.

Riders Wanted—From North Knoxville, straight day shift. John E. Bennett, plant telephone 7618, home telephone 4-6370.

Ride Wanted—Or will carry riders from Fountain City. W. E. Wampler, shift worker, plant telephone 7335, home telephone 6-2617.

Education Is Goal For Fire Prevention

Continued from Page 1

for conditions that might cause fires. These include defective electrical equipment, improper storage of flammable liquids, insufficient clearance around heating equipment, improper storage and disposal facilities for waste, oily rags and rubbish, excessive accumulation of waste and rubbish, unsafe smoking habits and poor housekeeping conditions.

Every Y-12er is urged to know the fire safety regulations prevailing where they work and what to do in case of fire.

Explaining this last matter, Chief Elam has stated:

"Briefly, in case of a fire that you are absolutely sure you can extinguish with fire extinguishers on hand, put it out and then call the Fire Department. If you are not sure you can put it out, call the Fire Department and then attempt to extinguish it. The importance of knowing the location of fire extinguishers, fire alarm boxes and other equipment in your building cannot be over emphasized. Take care of your extinguishers when you don't need them and they will take care of you when you do."

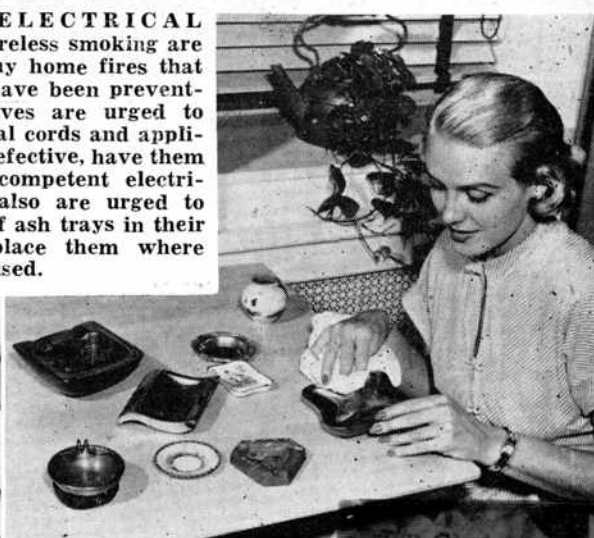

Few Serious Fires In Y-12

"Almost every day there are large industrial fires where lives are lost and property damage is high. These fires usually are caused by someone's mistake. Our plant has essentially the same fire hazards as other industries. Fortunately we have had few serious fires in the Y-12 plant—but they could happen here."

The inspections throughout Y-12 are to be made under direction of supervision. All supervisors are urged to hold safety meetings during Fire Prevention Week to emphasize the importance of fire prevention in connection with the job. Each supervisor has been asked to appoint an inspection committee to inspect their respective work areas and to accompany these committees on their tours. Inspection blanks have been distributed by the coordinators to supervision for use of the committees as a guide and report on any hazards found. The committees particularly are urged to check the condition of fire fighting equipment in their immediate work areas and also to see that any fire or safety hazards found are eliminated wherever possible. Those that cannot be im-

FAULTY ELECTRICAL wiring and careless smoking are causes of many home fires that could easily have been prevented. Housewives are urged to check electrical cords and appliances and if defective, have them repaired by competent electricians. They also are urged to have plenty of ash trays in their homes and place them where they can be used.

A BURNING HOUSE—NO HOME FOR CHRISTMAS. IT HAS HAPPENED TOO MANY TIMES—and in practically every instance the fire was preventable. These photographs are actual scenes of damage and desolation caused by flames that strike 300,000 American households each year. Not all are as severe as these pictured—but every home fire is a potential disaster.

Absent Y-12ers Still Can Get Coverage

Any Y-12er who has been absent because of vacation or other valid reason and who has not enrolled in the new hospitalization plan arranged between the Company and the Connecticut General Life Insurance Co., may do so if he immediately communicates with the Y-12 Insurance Office, North Portal, telephone 7382. The employee must have been enrolled in the former hospitalization plan operated by the Washington National Insurance Co. to be eligible to continue the benefits.

Y-12ers are insured of continuous coverage on their hospitalization insurance as far more than the required 75 per cent of employees in the plant enrolled in the new plan. Out of 3,371 enrollment cards distributed throughout the plant last week, approximately 3,100 had been returned with acceptances and only 39 Y-12ers rejected the opportunity to enroll. This left about 250 cards still out with most of them being for employees legitimately absent and eligible to enroll if they do so at once.

mediately corrected should be referred to supervision for action.

Can Arrange Demonstrations

Although no public demonstrations of fire fighting equipment, such as proper handling of fire extinguishers and first aid equipment, is scheduled for Fire Prevention Week, Chief Elam has announced that efforts would be made to give such instruction at departmental safety meetings if a request is made.

The natural theme of Fire Prevention Week in Y-12 will be, of course, to stress the importance of fire prevention during the entire year. Fire prevention, it is pointed out, goes hand in hand with safety and good housekeeping, both inside and outside the many buildings in the Y-12 plant area, and prevention of fire and safety hazards make the plant a safer and better place in which to work.

and Bill Owens, Julia Sandlin with Owen Killeen, Inez Halchin and her husband, and Marianne Abney.

Buildings and Grounds extends sympathy to Wayne Rogers, whose mother-in-law died recently in North Carolina. . . Also sympathy is extended to C. T. Haun on the death of his father-in-law. . . G. F. Nelson and I. J. Maples have returned from a week's vacation.

Z. S. Humphries, of Automotive Maintenance, has returned from a week of vacation.

The Electromagnetic Research division bade a regretful farewell last week to Frank Gordon, who is leaving Y-12 to move all the way across the continent to California. He will be connected with the California Research and Development Co., at Livermore. Frank was vice president of the Carbide Camera Club and took part in many Y-12 activities.

Mildred Swan, of Materials Chemistry, spent the week end cooking good things to eat for her son, Bill, who came home after quarterly exams. He attends U-T Medical School in Memphis, and has just been elected class president for the next quarter. Her daughter, Barbara, who teaches school in Nashville, and her husband, came over to join the family. . . Hank Buttram has gone into the chicken and egg business over at Beaver Ridge—and business is thriving. . . Virginia Spivey and two other members from Knoxville of the Smoky Mountain Hiking Club went down to Tellico Plains Saturday, to scout a trail for a future hiking trip by the club.

Blanche Gibbs, of Medical, is visiting friends in Augusta, Ga., while vacationing this week.

First Gossip: "Did you hear about the awful fright Bill got on his wedding day?"
Second Gossip: "Yes, I saw her."

Chest Drive Lagging In Y-12 Response

Continued from Page 1

months for monthly paid employees.

"It Can't Happen Here"

Faced by the slow start of the campaign members of the plant committee this week will be redoubling their efforts to speed up the fund drive and are hopeful that by Friday the plant will have met its quota for the 1951 effort.

Y-12ers just must not fail in this moral obligation—it just can't happen here—of all places.

ORNL Scientist To Speak At Physics Seminar Meeting

Dr. F. K. McGowan, of the Oak Ridge National Laboratory, will speak at the weekly meeting of the Oak Ridge Physics Seminar at 4 o'clock Friday afternoon, October 5. The meeting will be held in the East Lounge of the Ridge Recreation Hall and all Y-12 technical and scientific personnel are invited to attend.

Dr. McGowan's topic will be "Classification of Some Low-Energy Excited Nuclear States."

New York Editorials Support Convictions

Editorials in both the New York Times and New York Herald Tribune have expressed belief that evidence of espionage against Julius and Ethel Rosenberg was overwhelming and the verdict that they were guilty of betraying secrets of the atomic bomb to the Soviet Union was inevitable. The papers concluded from evidence given at the trial that security regulations and practices must be tightened constantly to prevent recurrence of this type of successful spying. Security regulations now prevailing in the Atomic Energy Commission and Y-12 makes this type of espionage practically impossible to commit.
